

## DS-Algorithm to print even data part

09 August 2020

10:41

**Q.**Algorithm which will print all the nodes having data part containing even values.

```
Evendata(start)
if start=null
    print "error"
    exit
end if
ptr<-start
repeat
    ptr<-link->ptr
    if data->ptr%2=0
        print data->ptr
    end if
    if ptr=null
        exit
    end if
end repeat
end
```
